22	G&D LAW FIRM	Ma Xiaoyun	Lawyer	Law service	/	To understand the degree of local government support for the legal industry, the degree of local law perfection, and the relief measures taken by enterprises in the course of dispute. Communicate with local lawyers to understand the legal services they seek in the the belt and road initiative process. Help the domestic enterprises to understand the procedures and conditions for setting up the business in local factories. Look for local target customers who are willing to develop business in China.	<p>G&D Law Firm is formed as a private partnership law firm in 2000 after merger and reorganization of several state-owned law firms affiliated with Justice Department of Jiangsu Province. It is headquartered in the commercial center of Nanjing, the capital of Jiangsu Province. After over ten years of growth, G&D has become one of the largest law firms in Jiangsu Province. In March 2010, G&D was awarded the title of Best Law Firm of Jiangsu Province by the Justice Department of Jiangsu Province and Jiangsu Bar Association. In 2011, our firm was ranked as one of the Best Chinese Law Firms of the Years 2008-2010 by the All China Lawyers Association. G&D has organized itself into eight departments: finance, securities and insurance; foreign investment, foreign trade and maritime; merger, acquisition and reorganization; bankruptcy and liquidation; engineering, construction and real estate; intellectual property; entertainment, sports and media; and litigation and arbitration. This structure enables us to provide our clients with professional and comprehensive legal services. We have also spared no efforts in exploring new practice areas to meet our clients' growing needs. In addition, we have built up extensive cooperation relationships with law firms in a number of major jurisdictions including Hong Kong, US, UK, German and Italy, which makes us capable of helping our clients both locally and internationally. We hold "Superior Quality, High Efficiency and Good Faith" as our lofty professional faith and everlasting pursuit.</p>

29	Chinamex Middle East Investment&Trade Promotion Centre	Zeid J. Kong	Vice President	Trade and business promotion	/	to communicate with the foreign investment organization ,chamber and seeking the project like Longcheng	<p>CHINAMEX Middle East Investment & Trade Promotion Centre (CHINAMEX) is an international specialized investment and consulting company. Its business includes development of overseas markets, investment consultancy for overseas projects, investment and financing management and operation management for overseas commercial real estate projects, organizing exhibitions and meetings and providing business package arrangement for the companies seeking to expand to overseas markets. It has maintained good relations with foreign government authorities, chambers of commerce and enterprises of over 30 countries.</p> <p>Known as Chinamex, its branding project is the Dragon Mart/City Project. The Dragon Mart Dubai, designed and created by Chinamex team, is the first and largest platform for business exchanges between the Middle East Region and China. After years of operation, it has become China's most successful trade platform at overseas, which leads to the creation of the "Dragon Mart/City" business model. After success of Dragon Mart Dubai, Chinamex created the Dragon City Bahrain which opened in Dec. 27, 2015. The sales revenue of the shops in the DCB reached USD 200 million in 2016 and footfall reached 5.4 million. It's projected that the annual sales revenue in 2017 will be over USD 300 million and footfall over 7 million. The project advanced business and tourism exchanges between Bahrain and has created large amount of job opportunities.</p> <p>It has helped over 3,000 Chinese companies to successfully expand to the international market. As a reliable partner, Chinamex's Dragon City/Mart projects will bring high investment return securely and efficiently for the project developer and the tenants in the project.</p>
	China Civil Engineering Construction Corporation	Zhang Qing	General Manager of Qatar Branch	Construction Contractor	/	the building contract and so on	<p>China Civil Engineering Construction Corporation (CCECC) was established in June 1979 under the approval of the State Council of the People's Republic of China. As one of the pioneers performing international contracting and economic cooperation, CCECC has developed from the former Foreign Aid Bureau of the Ministry of Railways of China into a large-scale state-owned enterprise with Chinese National Super Grade Qualification for railway project contracting, and has been listed among the world's top 100 international contractors for 17 consecutive years by the Engineering News Record. (In 2016, CCECC was listed 60th out of 250 contractors.) Ever since the 1960s when CCECC contracted the largest foreign aid project--Tanzania-Zambia Railway, CCECC's business scope has expanded from international contracting for railway construction to project contracting, civil engineering design & consultancy, investment and financing, real estate development, trade and logistics, manufacturing, and hotel management as well.</p> <p>The business activities of CCECC have covered 70 countries and regions in Asia, Africa, America, Europe and Oceania. In recent years, CCECC has contracted and constructed a great number of landmark projects including railway, highway, bridges, buildings and civil works.</p> <p>With improved overall strength, CCECC has won many national awards and titles. Along with rapid development, social responsibilities are also a great prominence for CCECC. We have always valued integrity, public causes, environmental protection, and personal development, so as to promote economic growth and public welfare for our market country. Whilst consolidating and expanding its project contracting market, CCECC is also focusing on developing its diversified business and specialized professional edges, thus achieving a steadily strengthened financing capacity and an increasingly widened business scope. CCECC will continue to carry out an even more extensive and deeper cooperation with friends all over the world to develop hand in hand for a prosperous future and mutual development by offering best service to its clients and contributing more elaborate works to the society..</p>
